Letter Basketball

Materials

- Basket or bucket
- Scrap pieces of paper

Instructions

- Set up a basket or bucket on the carpet.
- Write the letters on scrap pieces of paper and lay them on the floor several feet away from the basket.
- Call out a letter and ask your child to find it.
- Once they have chosen the correct letter they need to tell you the letter name, the sound and something that starts with that letter. Then they can scrunch it up and shoot it into the basket.
- Keep going until they have found every letter.
- Once they have shot each letter into the basket, you can open them up and play again.
