

On the Road to Success

Twister

Materials

- Chalk

Instructions

1. Draw a grid on the concrete with chalk and fill it with some of the letters of the alphabet.
2. Call out an instruction for each player e.g. "John put your hand on the letter A." "Sally put your foot on the letter M." Once they have followed the instruction, ask them what the letter is and what sound it makes.
3. Get the players to stand up straight and give them a new instruction.
4. Continue playing the game until the children's attention fades.
